gain of the "fancy") for the past week, says that Morrissery, and not Heeman, won the choice of "battle ground." The latter was represented by James Hughes, and the former by John

Linearizations, recovering all observements, whether

Petrie. It says:
In accordance with the terms of the article of agreement, Mr. Petric immediately informed the representative of the Benecia Boy of the spot Mr. Morrissey had selected, and which is about 80 miles distant from Buffalo. Of course the precise locality will not be made public until near the day, but all parties desirous of being present at the fight can ascertain the whereabouts at any of the principal sporting houses in Buffalo the night previous Buffalo, of course, will be the rendezvous on the occasion; steamers will be chartered for the voyage, and a casonable rate of tariff fixed, so that all parreasonable rate of tariff fixed, so that all parties may have an opportunity of witnessing this important fight. At the present time the betting in this city upon the result of the fight is about even, although occasionally some sanguine partisan of Morriasey's will lay 100 to 90 rather than not "get on." In other places, however, the Benezia Boy seems to have odds in betting, as we are informed that in New Orleans 100 to 90 it aid on him. In a sitter from leans 100 to 80 is laid on him. In a letter from a correspondent in Havana, Cuba, dated Sept. 27th, we are informed that "great interest and excitement prevails among the American population there, regarding the coming contest be-tween Morriesey and the Benecia Boy. Large odds on the latter are freely offered and as freely taken by the friends of the former. In Man-tanzas the Benicia Boy is also the lavorite." Heenan is now at Eighteen Mile Creek with his trainor, Aaron Jones, and weighs 196 pounds. His regular weight is 220 pounds. Murrissey is at North East, and has reduced his weight from 208 to 180 pounds. Both men are said to be in excellent trim, and confident of victory.

TARGET SHOOT AND PARADE -Yesterday Was the day selected for the annual Target shoot of the Cleveland Light Dragoons, and a better day could not have been had, unless indeed it should have been a trifle cooler. In the middle of the day the rays of the sun poured down with great HOSIERY AND power and the thick coats of the soldiers must have been rather burdensome. About 9 o'clock the Dragoons, Capt. HECKEAN, formed on parade on Ohio street, and murched from there to Superior street, where Artillery Companies A. Capt. Lawis, and B, Capt. Mack, were formed. The Com-panies, headed by the Hecker Band, then marched by way of Seneca street to the

shooting grounds upon the Heights. Here the feature of the day took place, the shooting commencing about half past ten. There were 3 prizes offered, the first being a fine Gold Hunting Cased Watch, the second a valuable | HREAD AND VALINCENES EDGINGS Silver Watch, and the third a Gold Fob Chain. following gentlemen : Mesurs, H. P. Weddell Robert Parks, Oliver H. Perry, Geo. W. Hamil ton, Frederick Graininger, G. Blossman, John Gerlach, R. Crawford, C. Bratenahl, Edw. Hessenmueller, Esq , Capt. Minckley and Capt. S.

The Committee awarded the first prize to JOHN SCHRENK, the second to HENRY ROTH, and tne third to HENRY FISCHER.

After the shooting was over the Compan narched back to town, and after parading through the principal streets were dismissed on Bank

CHILDREN'S WOOLEN HOSE,

Greater space between the strings in the stans stand of The manner of stapping the silvation of the string.

That the positio may see and judge for themselves whether that the positio may see and judge for themselves whether a shore state ment be true, I publish a diagram of the sid and, so styles of piames, or ruther the sid dopy style, which rejects i modern improvements, sad the Hallett, Davis & Ca's style fore accepts the decirine that we are living in an ope of en-position, and that sume has old fogles will dear that styles two position, and that ince has old fogles will dear that styles two piad four; and that 100 lbs. weight twice as much as filly sunds.

The Hullet, Danie & Co. Piance have a greater score place. It is well known that the reason, a six-octave place does not seem the full-serious and dood of more of a score-sectave place at its extriger are shorter. With the above improvement, a create itselfate, Davis & Cu. place it is enabled to read out of the end-rules force that a seven octave place of any editor and rules found than a seven octave place of any editor.

spent between the strings than those of any other nucle.

The truth of this statement is equally plain, from the fact 3, The manner of stopping the eibration. The vibration of the string, in all planes, comments to hammer strikes it, near it a bridge, where it is stop

he hammer strikes it, near the hridge, where it is stopped diagrams H.)
The tome of the heat vin in the world can be retained by substituting a poor bridge, thus preving that the tome of a string is entertually effected by its measure in which the vitration is stropped. The wheatier and the arring in the H. D. & C. prime is stopped with little here contail from of employ of bell metal (see diagram F) giving to U or string a safe, full, mellow, input from while in all other plans as the wheatien is stopped by topical cross prior, two diagrams it.) series a time from; owners two, that he connect these mande of persons, having fine makend and cannot also be a possible to the plans of the prior of the makend and cannot the wanted the strong fine makend as cannot the property of the property of the far inferior. anications to excluding:

"I do not H'as the leasy twang of a plane! It is far infector
the fall rich time of an organ, fluts or meledon."

However good a string may be, it will produce no tens it vibrates, and the evanor the vibration the better the Twistine country the string should have but two distinc-tions, directly to said for. The hammer sixtless on the saids, (see diagram [L] and the first motion of the string recode from the intumes. In the E. D. A. Co. posses the s
